

Model: zt-t601

Category:	laser head
color:	red
Size:	$\varnothing 6 * 10.5\text{mm}$
Working life:	more than 3000 hours
Spot mode:	point-like spot, continuous output
Power:	5-8mW
Voltage:	4.5v (according to customer requirements)
Current:	$\leq 30\text{mA}$
Working temperature:	25°C
Output Wavelength:	650 nm
Spot size:	15 meters at the spot for $\varnothing 18\text{mm} * \varnothing 18\text{mm}$
Band range:	Visible
Operation mode:	Continuous
Incentives:	light pump
Material:	cooper

Uses: Can be used in flashlights, laser gyro, laser pointer, consumer gifts, small gifts.
